THE MERIDIAN

COLLECTIVE

BRAND GUIDELINES

Identity Standards & Visual Language

VOLUME I · EDITION 2026

SECTION ONE

WELCOME

"True north for those who build wealth together."

This document is the steward of our visual and verbal identity. It captures who The Meridian Collective is, how we present ourselves to the world, and the standards every partner, vendor, and member should follow when representing our brand.

The Meridian Collective is more than a real estate investment company. We are a coalition of disciplined, like-minded investors charting a deliberate course toward generational wealth. Every meridian on a globe is a line of guidance — a fixed reference that orients travelers wherever they stand. Our brand is built on that same promise: clarity, direction, and shared purpose.

Use these guidelines whenever you create something that carries our name — from a property flyer to a closing document, from a social post to a contractor agreement. Consistency is how a young brand earns trust quickly. Treat this book as the source of truth.

SECTION TWO

BRAND ESSENCE

MISSION

We acquire, improve, and steward residential real estate across the Atlanta metro to build durable wealth for our members and uplift the communities in which we invest.

VISION

To be the most respected investor-led collective in the Southeast — known for the quality of our deals, the integrity of our partnerships, and the discipline of our process.

CORE VALUES

INTEGRITY	We do what we said we would do, and we say it before we have to.
DISCIPLINE	Structure precedes opportunity. We build the system before we chase the deal.
COLLECTIVE	We move at the speed of trust. Every decision honors the group.
STEWARDSHIP	We treat capital, properties, and relationships as things entrusted to us.
LONG VIEW	We measure success in decades, not quarters.

BRAND PROMISE

"Disciplined investing. Honest partnership. Lasting value."

SECTION THREE

PERSONALITY & VOICE

IF THE MERIDIAN COLLECTIVE WERE A PERSON

She is the friend with the spreadsheet. She has read the operating agreement twice. She speaks plainly, asks the harder question, and never raises her voice. She is warm in the room and rigorous on the page.

PERSONALITY ATTRIBUTES

WE ARE	Confident, considered, warm, exact, principled.
WE ARE NOT	Loud, salesy, jargon-heavy, performative, exclusive.
WE SOUND LIKE	A trusted advisor briefing you over coffee — informed, calm, generous with context.
WE NEVER SOUND LIKE	An infomercial, a hype reel, or a guru's landing page.

VOICE PRINCIPLES

- **Plain over polished.** Say it the way you would say it to a sharp friend who has never bought a house.
- **Specific over sweeping.** Replace "significant returns" with "a 14% projected cash-on-cash return."
- **Calm over urgent.** We do not manufacture scarcity. Good deals get done because the work was done.
- **We over I.** Ownership and credit belong to the collective.
- **Receipts over rhetoric.** Every claim is paired with a number, a source, or a story.

SAMPLE COPY

Headline

Real estate investing, done together — the right way.

Member-facing intro

The Meridian Collective is a member-owned investment company focused on single-family and small multifamily properties across metro Atlanta. We acquire selectively, renovate intelligently, and hold what makes sense for the long term.

Vendor-facing intro

We are a Georgia LLC managing a growing portfolio of residential investments. We pay on time, communicate clearly, and value contractors who do the same. If that sounds like a fit, we would like to work with you.

SECTION FOUR

THE LOGO

Our mark is the visual signature of the brand. Treat it with care. The logo system has one job: to make The Meridian Collective recognizable, credible, and consistent across every surface.

PRIMARY LOGO

The primary logo combines the wordmark with the gilded globe and compass crest. Use this version whenever space and reproduction quality allow.

SYMBOLISM

THE GLOBE	Worldview, scale of ambition, and the meridian lines that name us.
THE COMPASS STAR	True north — our orientation toward principled, long-term decisions.
THE WINGS & FLOURISHES	Movement, momentum, and the protective stewardship of capital.
THE GEMSTONE	Concentrated value — the asset at the center of every decision.
GOLD & BRONZE	Heritage, durability, and earned wealth — not flashy, not new money.

CLEAR SPACE

Always preserve a margin of clear space around the logo equal to the height of the capital “M” in MERIDIAN. No text, image, edge, or graphic element should ever intrude on this protected zone.

MINIMUM SIZE

DIGITAL	Minimum 200 pixels wide for the full crest + wordmark.
PRINT	Minimum 1.5 inches wide. For anything smaller, use the wordmark only.
FAVICON / AVATAR	Use the isolated globe + star crest, cropped square.

LOGO MISUSE

✓ DO	× DON’T
Use the logo on backgrounds with strong contrast and adequate clear space.	Place the logo on busy photography that competes with the gold detail.
Reproduce the logo at full color whenever the medium supports it.	Recolor the logo, swap the gold for any other hue, or apply gradients.
Scale the logo proportionally from a corner handle.	Stretch, skew, rotate, or warp the logo for any reason.
Use the wordmark-only version when space is constrained.	Recreate the logo by typesetting “The Meridian Collective” in a similar font.
Maintain the original aspect ratio in every placement.	Add drop shadows, outer glows, bevels, or other effects to the mark.
Use approved white-background or dark-background variants.	Use a low-resolution screenshot of the logo. Always source the master file.

SECTION FIVE

COLOR PALETTE

Color is where the brand lives most loudly. Our palette is intentionally restrained — a small number of warm, weighted tones that read as established, considered, and confident. Resist the temptation to introduce colors outside this system.

PRIMARY PALETTE

	NAME	HEX	RGB	CMYK
	Imperial Gold *Hero accent · wordmark*	#D4A017	212 / 160 / 23	0 / 25 / 100 / 17
	Burnished Amber *Secondary accent*	#B8651E	184 / 101 / 30	0 / 45 / 84 / 28
	Heritage Bronze *Headlines · deep accent*	#6B3410	107 / 52 / 16	0 / 51 / 85 / 58
	Midnight Walnut *Body text · base*	#2C1810	44 / 24 / 16	0 / 45 / 64 / 83

NEUTRAL PALETTE

	NAME	HEX	RGB	CMYK
	Pearl White *Primary background*	#FAF7F0	250 / 247 / 240	0 / 1 / 4 / 2

	NAME	HEX	RGB	CMYK
	Champagne Mist *Soft fill · cards*	#EDE3CC	237 / 227 / 204	0 / 4 / 14 / 7
	Pale Gold *Highlights*	#F5E5B8	245 / 229 / 184	0 / 7 / 25 / 4
	Soft Charcoal *Long-form body copy*	#3A3530	58 / 53 / 48	0 / 9 / 17 / 77

COLOR APPLICATION RATIO

Use color in proportion. Lead with neutrals. Let gold be the punctuation, not the paragraph.

- **60% · Pearl White & Champagne Mist.** The canvas. Most surface area should breathe.
- **25% · Midnight Walnut & Soft Charcoal.** Type, structure, and weight.
- **10% · Heritage Bronze.** Headings, dividers, and emphasis.
- **5% · Imperial Gold & Burnished Amber.** Hero accents — the moment that makes it ours.

ACCESSIBILITY

Body copy should always meet WCAG AA contrast (4.5:1) against its background. Midnight Walnut on Pearl White is the safest pairing. Imperial Gold should never be used for long-form text — it is a brand accent, not a reading color.

SECTION SIX

TYPOGRAPHY

Our type system pairs a refined serif with a clean, modern sans — the same instinct as the logo: heritage paired with precision.

DISPLAY & HEADLINE

PRIMARY SERIF · WEB-SAFE

Cambria

AaBbCcDdEeFf 0123456789

Use for section titles, pull quotes, and document headers. Set in small caps with extra letter spacing for the most regal effect.

Brand alternative for designed assets:

- **Cinzel** (Google Fonts) — closest match to the logo's wordmark; use for marketing graphics.
- **Cormorant Garamond** (Google Fonts) — for editorial pieces and long-form prose.

BODY & INTERFACE

PRIMARY SANS · WEB-SAFE

Calibri

AaBbCcDdEeFf 0123456789

Use for body copy, captions, tables, and any UI element. Calibri is universal across Office and reads cleanly at every size.

Brand alternative for designed assets:

- **Montserrat** (Google Fonts) — for digital marketing and presentation decks.
- **Lato** (Google Fonts) — for long blocks of body copy on the web.

SECTION SEVEN

IMAGERY & PHOTOGRAPHY

Imagery is the second voice of the brand. Choose photography that feels honest, warm, and architectural — never staged, never stock-generic.

PHOTOGRAPHY PRINCIPLES

- **Natural light.** Golden hour, soft shadows, warm undertones. Avoid harsh flash.
- **Real properties.** Show the homes we actually own, work on, or aspire to. No royalty-free Mediterranean villas.
- **People as humans, not models.** When members or partners appear, they look like themselves — considered, dressed for the room, unposed.
- **Atlanta in the frame.** Where context helps, let the city show — brick bungalows, oak canopies, the skyline at dusk.
- **Documentary, not aspirational.** Before/after construction shots, walkthroughs, signing days. The work is the story.

SUBJECT MATTER — YES

- Single-family homes mid-renovation, with materials and craftsmanship visible.
- Architectural details: trim, hardwood, tile, brick, light through windows.
- Member portraits in professional but warm settings.
- Maps, plans, and documents shot from above on warm wood or stone.
- The Atlanta metro skyline and recognizable neighborhood landmarks.

SUBJECT MATTER — NO

- Stock images of handshakes, glass skyscrapers, or gold bars.
- Luxury cars, private jets, or other wealth-display tropes.
- Generic “diverse team in conference room” imagery.
- Heavy filters, oversaturated HDR, or cool blue color grading.

IMAGE TREATMENT

When color-grading, lean toward warm shadows and a slight golden cast in highlights. Avoid cool, teal-and-orange cinematic grading. Black-and-white is acceptable for portraiture and archival use.

SECTION EIGHT

- **Walkthrough videos:** Open with the gold compass star, hold for 1 second, then live footage. Lower-thirds in Cambria, Heritage Bronze.

SECTION NINE

BRAND STEWARDSHIP

A brand is a promise repeated. These standards only work if every member, partner, and vendor follows them. When in doubt, choose the more restrained option — less is almost always more on this brand.

APPROVAL PROCESS

- **Tier 1 · Internal use.** Member emails, internal documents, group communications — no approval needed if these guidelines are followed.
- **Tier 2 · External use.** Anything that leaves the collective — vendor agreements, marketing materials, social posts — reviewed by the designated brand steward before publication.
- **Tier 3 · Co-branded or paid media.** Any use of the logo with another organization's mark, or any paid advertising, requires unanimous member approval and review by counsel.

ASSET LIBRARY

All approved logo files, color swatches, fonts, and templates are housed in the collective's shared drive. Always pull from the master files. Never recreate, never screenshot.

LOGO FILES	PNG, SVG, and EPS in primary, white-background, dark-background, and crest-only versions.
COLOR SWATCHES	Adobe ASE, Procreate palette, and screenshot reference card.
TEMPLATES	Letterhead, invoice, member memo, social post, and yard sign templates.
THIS DOCUMENT	PDF and Word versions, version-controlled and dated.

LIVING DOCUMENT

These guidelines will evolve as the collective grows. Significant changes — new colors, expanded logo system, sub-brands — require member discussion and a new edition of this book. Minor refinements may be issued as addenda.
